

This service participates in

# The ACCESS Project

ACCESS is a national research initiative that collates information on consultations and pathology from select health services across Australia

To maintain your privacy, no information that could identify you is collected.

*If you want more information on this project, please speak to your clinician, contact the ACCESS Coordinator (02 9385 9958; [access.study@unsw.edu.au](mailto:access.study@unsw.edu.au)), or visit the study website, [www.access-study.org.au](http://www.access-study.org.au)*
