## ACT HEALTH – INTERPRETER CARD

The use of an accredited interpreter is required by:

- ACT Government policy and legislation;
- The National Safety and Quality Health Service Standards; and
- Good practice and commitment to patient/consumer safety and quality outcomes.

To provide a patient/consumer with this card, please:

- Print this sheet;
- Cut out the card (along the red lines); and
- Create a wallet-sized card (fold along the dotted red line)

ACT Government policy requires ACT Health to provide interpreters free of charge to people with limited English proficiency. Please arrange an interpreter in the language shown on the front of this card through TIS National (131 450). You will also need your work area's TIS Client Code.

**PLEASE ARRANGE  
FOR AN  
INTERPRETER**
