Dear [REDACTED]

DECISION ON YOUR ACCESS APPLICATION

I refer to your application under section 30 of the *Freedom of Information Act 2016* (FOI Act), received by ACT Health Directorate (ACTHD) on **Tuesday 7 September 2021**.

This application requested access to:

- *A copy of the exemption application to enter the ACT submitted by the Prime Minister Scott Morrison for travel back from Sydney on the 6th of September 2021 including any attachments relating to essential work in the ACT but excluding any identity documents.*
- *Any and all email correspondence relating to that exemption between the Prime Minister, the Prime Minister's Office, ACT Health, ACT Health's Exemptions team and the Office of the Chief Health Officer relating to the exemption application mentioned above.*
- *A copy of the exemption grant given to Scott Morrison including any conditions on his quarantine in the ACT.'*

I am an Information Officer appointed by the Director-General of ACT Health Directorate (ACTHD) under section 18 of the FOI Act to deal with access applications made under Part 5 of the Act. ACTHD was required to provide a decision on your access application by **Wednesday 27 October 2021**.

I have identified 14 documents holding the information within scope of your access application. These are outlined in the schedule of documents included at [Attachment A](#) to this decision letter.

My access decisions are detailed further in the following statement of reasons and the documents released to you are provided as [Attachment B](#) to this letter.

In reaching my access decision, I have taken the following into account:

- The FOI Act;
- The contents of the documents that fall within the scope of your request;
- The views of relevant third parties; and
- The *Human Rights Act 2004*.

Decisions on access

I have decided to grant partial access to the 14 documents.

Redactions have been made to all 14 documents as they contain information that I consider, on balance, to be contrary to the public interest to disclose under the test set out in Section 17 of the Act as the information contained in these folios is partially comprised of personal information of non ACT Government staff members.

I have identified that there are no relevant factors favouring disclosure of this information under Schedule 2.1.

This information has not been disclosed as this could reasonably be expected to prejudice the protection of the individual's right to privacy under *Schedule 2.2 (a) (ii) prejudice the protection of an individual's right to privacy or any other right under the Human Rights Act 2004*. The disclosure of this detail would not provide any government information pertinent to your request therefore, I have decided this factor outweighs the public interest factors in the disclosure of this information.

Additionally, partial redactions have been made to information contained in documents 7, 9 and 10 as they contain information that I consider, on balance, to be contrary to the public interest to disclose under the test set out in Section 17 of the Act as the information contained in these folios is partially comprised of information that would prejudice the agencies intergovernmental relations and deliberative processes of government.

Public Interest Factors Favouring Disclosure

The following factors were considered relevant in favour of the disclosure of the documents:

- Schedule 2.1 (a)(i) promote open discussion of public affairs and enhance the government's accountability;
- Schedule 2.1 (a)(ii) contribute to positive and informed debate on important issues or matters of public interest; and
- Schedule 2.1 (a)(viii) reveal the reason for a government decision and any background or contextual information that informed the decision.

Public Interest Factors Favouring Non-Disclosure

The following factors were considered relevant in favour of the non-disclosure of the documents:

- Schedule 2.2 (a)(x) prejudice intergovernmental relations; and
- Schedule 2.2 (a)(xvi) prejudice a deliberative process of government.

On balance, the factors favouring disclosure do not outweigh the factors favouring non-disclosure. The release of this information would or could reasonably be expected to have a detrimental effect for the agency's ongoing collaborative management of issues related to the Covid-19 pandemic with the Commonwealth. Therefore, I determined the information identified is contrary to the public interest and I have decided not to disclose this information.

Charges

Processing charges are not applicable to this request.

Disclosure Log

Under section 28 of the FOI Act, ACTHD maintains an online record of access applications called a disclosure log. The scope of your access application, my decision and documents released to you will be published in the disclosure log not less than three days but not more than 10 days after the date of this decision. Your personal contact details will not be published.

Ombudsman review

My decision on your access request is a reviewable decision as identified in Schedule 3 of the FOI Act. You have the right to seek Ombudsman review of this outcome under section 73 of the Act within 20 working days from the day that my decision is published in ACT Health's disclosure log, or a longer period allowed by the Ombudsman.

Dear Naveen

As discussed, we have received an exemption application for the Hon Scott Morrison MP to enter the ACT tomorrow 6 September to undertake quarantine, but be exempt to attend work at Parliament House. The attached note is provided in support.

I believe we normally at least have a discussion with [REDACTED] about this type of request? In general, what I think we require is consideration, acknowledgement and endorsement for the points below.

The entry authorisation certificate that is provided to Parliamentarians (example attached) does refer to the guidelines as endorsed by the CMO, so I'm not sure we need to seek [REDACTED] approval.

- We have received a request from the Hon Scott Morrison MP to enter the ACT on Monday 6 September 2021 from his home in Avalon, NSW. The request is accompanied by a note from [REDACTED] Office of the Prime Minister requesting that the Prime Minister be exempt from quarantine to attend work at the Australian Parliament House.
- We are also aware that the Prime Minister has been invited to attend a memorial service to commemorate September 11 – this will be held at the War Memorial on Saturday 11 September at approximately 4.45-5.05pm. The email from [REDACTED] Office of the Prime Minister, does not refer to a requirement for exemption from quarantine to attend this service.

In summary, I think a chat with [REDACTED], and I'm happy to go back to the PM's EA to see if he also wants to attend the September 11 service?

What do you think?

Thanks

Thanks Kirsty, can you please check with the PM's EA about the event? Better to try and sort it out at the same time, rather than doing it later in the week and having to amend the notice.

I will sort out the CMO issue. Clause 6 indicate that CMO was consulted on the previous entry, so might need to confirm this.

I'm happy to call [REDACTED] too.

Hi Naveen

There is no information about the PM's movements in Sydney – all the application has is the following:

- “Prime Minister returning to Canberra to undertake essential parliamentary work” plus the letter from [REDACTED]

Have not yet had a response from his EA re the September 11 ceremony either.

Note I have drafted the entry certificate – it is attached. I'm happy to send once all this resolved – noting that if he is attending the Sep 11 ceremony, we need to add that condition in.

Thanks

Hi Kirsty, can you please send me a copy of the RedCap application? Does it have any information on what his activity has been in Sydney? My understanding from conversations on Friday was that the PM was only going to his residence and returning. We need to confirm this.

I've spoken to [REDACTED] from APH, who has confirmed that they don't have any concerns with the PM attending APH for essential work with similar restrictions as last time.

I've spoken to [REDACTED] (Fed Health), who confirmed with [REDACTED], that he is supportive of following the previous exemption conditions, but no additional testing requirements from the CMO will need to be in place if we can confirm the travel was limited to directly to his residence and back.

Many thanks

OFFICIAL

Thanks Kirsty,

The Prime Minister returned to Kirribilli House over the weekend to spend time with his family. I can confirm that his family have continued to follow the NSW Health guidance. In Sydney, the Prime Minister has only spent time at his accommodation and has not interacted with other external guests.

On return to Canberra to undertake official duties the Prime Minister will be undertaking essential work which is unable to be undertaken remotely. The Prime Minister will continue to work between the Lodge and Australian Parliament House.

A final decision has not been made on the Prime Minister's attendance at the War Memorial. I can advise once a decision is made.

Let me know if you would like any further information. I understand [REDACTED] and Dr Kerry Coleman have discussed the arrangements in place to enable the Prime Minister to return to Canberra and undertake official work.

Cheers.

Dear [REDACTED]

Thank you for the exemption application for the Hon Scott Morrison MP to enter the ACT on Monday 6 September 2021. In general, we do ask that the form (as attached) is completed and emailed to us to this address, however we are happy to process through the exemption application form on this occasion.

Please note we are currently working on the request and will have a response to you today.

We are also aware that the Prime Minister has been invited to attend a memorial service to commemorate September 11 – to be held at the War Memorial on Saturday 11 September at approximately 4.45-5.05pm. The supporting documentation from [REDACTED] Office of the Prime Minister, does not refer to a requirement for exemption from quarantine to attend this service. Are you able to advise if the Prime Minister is planning to leave quarantine to attend this service? If so, are you able to provide some more detail around his attendance (mode of travel, duration, other attendees etc) please?

Thank you

OFFICIAL

Thanks Kirsty,

The Prime Minister returned to Kirribilli House over the weekend to spend time with his family. I can confirm that his family have continued to follow the NSW Health guidance. In Sydney, the Prime Minister has only spent time at his accommodation and has not interacted with other external guests.

On return to Canberra to undertake official duties the Prime Minister will be undertaking essential work which is unable to be undertaken remotely. The Prime Minister will continue to work between the Lodge and Australian Parliament House.

A final decision has not been made on the Prime Minister's attendance at the War Memorial. I can advise once a decision is made.

Let me know if you would like any further information. I understand [REDACTED] and Dr Kerryn Coleman have discussed the arrangements in place to enable the Prime Minister to return to Canberra and undertake official work.

Cheers.
