Dear [REDACTED]

### **DECISION ON YOUR ACCESS APPLICATION**

I refer to your application under section 30 of the *Freedom of Information Act 2016* (FOI Act), received by ACT Health Directorate (ACTHD) on **Friday 11 November 2022**.

The application requested access to:

*'The subject line of all final ministerial briefs from 11th July to 11 September 2022 generated for or directed to any ACT Government Minister.*

*This request includes, wherever possible, the date of the brief, the internal reference, position of authority it was written by, and which Minister it was addressed to.*

*This request includes briefs prepared for Question Time, but not for Estimates or Annual Reports.'*

I am an Information Officer appointed by the Director-General of ACT Health Directorate (ACTHD) under section 18 of the FOI Act to deal with access applications made under Part 5 of the Act. ACTHD was required to provide a decision on your access application by **Tuesday 13 December 2022**.

The information has been extracted into one document holding the information within the scope of your access application. The document was created for the purpose of your request and captures information sourced from HPE Content Manager (Record Management System).

#### **Decisions on access**

I have decided to grant partial access to the one document.

My access decisions are detailed further in the following statement of reasons and the documents released to you are provided as Attachment B to this letter.

In reaching my access decision, I have taken the following into account:

- The FOI Act;
- The contents of the documents that fall within the scope of your request;
- The views of relevant third parties; and
- The *Human Rights Act 2004*.

### **Partial Access**

Redactions have been made to information that would reveal deliberations of Cabinet and is therefore taken to be contrary to the public interest to release, under Schedule 1.6 (1) Cabinet Information (d) the disclosure of which would reveal any deliberation of Cabinet.

The document is also partially comprised of information that I consider, on balance, to be contrary to the public interest to disclose under the test set out in section 17 of the Act regarding the personal information.

### **Public Interest Factors Favouring Disclosure**

The following factors were considered relevant in favour of the disclosure of the documents:

- Schedule 2, 2.1(a)(i) promote open discussion of public affairs and enhance the government's accountability; and
- Schedule 2, 2.1(a)(ii) contribute to positive and informed debate on important issues or matters of public interest.

### **Public Interest Factors Favouring Non-Disclosure**

The following factors were considered relevant in favour of the non-disclosure of the documents:

- Schedule 2, Schedule 2.2 (a)(ii) prejudice the protection of an individual's right to privacy or any other right under the Human Rights Act 2004; and

On balance, the factors favouring disclosure are outweighed by the factors favouring non-disclosure as the information would not provide any government information pertinent to your request. The personal information is of non-ACT Government employees' and has not been disclosed as this could reasonably be expected to prejudice the protection of the individual's right to privacy.

Therefore, I have determined the information identified is contrary to the public interest and would not advantage the public in disclosing this information.

### **Charges**

Processing charges are not applicable to this request.

### **Disclosure Log**

Under section 28 of the FOI Act, ACTHD maintains an online record of access applications called a disclosure log. The scope of your access application, my decision and documents released to you will be published in the disclosure log not less than three days but not more than 10 days after the date of this decision. Your personal contact details will not be published.
